Our design philosophy

Moving into a new home should be one of life's most defining moments. A day that you will always remember, the day when you started a new life in a new community that was created with you in mind.

At Milestone Developments, we go the extra mile to create special places where people want to live, both now and in the future.

We consider the character of the local area, from landscapes and natural materials to the natural environment – to create unique and sympathetically designed communities that will nurture and enhance both spirit and soul for many years to come.

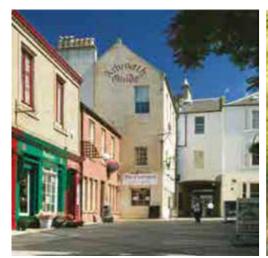

Our carefully considered new home designs have been created to meet the changing needs and changing lifestyles of families today.

Our homes provide versatile and flexible space, both indoors and in how you will connect with the outdoors while being supremely functional.

Homes designed not only to meet your needs, but also to allow you to express your character and enrich your life.

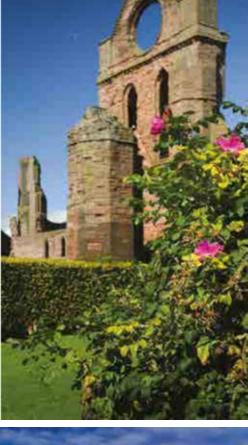

And that, in short, is what moving into a new home should be all about. So now let us show you something of the new life you can expect to live here at Monarch's Rise in the welcoming community of Arbroath.

Arbroath: Your new neighbourhood.

Steeped in history, on the edge of the east coast of Scotland – this is a wonderful place to call home.

Milestone's latest collection of family homes, located at Monarch's Rise, Arbroath, enjoys the excellent amenities and convenient transport links that this historic Angus town has to offer. Arbroath has all the amenities of a major town and has easy access to the A92 providing excellent commuter links to both the north and south. Dundee airport is only 20 minutes away from Monarch's Rise and just a short distance is Arbroath railway station.

Leisure is at the heart of Monarch's Rise with plenty of outdoor pursuits to choose from; including walking, cycling and golfing. Ideal for exploring the surrounding countryside, Monarch's Rise is also an ideal location for water sports, fishing and sailing.

Monarch's Rise sits close to the stunning coastline, with easy access to popular sandy beaches, spectacular red sandstone cliffs and caves. Arbroath has long been a key fishing centre and is world renowned for its delicacy the 'Arbroath Smokie' (smoked haddock) which is created in the famous smoke houses of Arbroath. There are also nature trails and lots of historic interest including the ancient ruins of Arbroath Abbey, the Signal Tower Museum and of course, Arbroath Harbour – an ancient port with its origins dating back to Pictish times.

The harbour and the Abbey are connected by a largely pedestrianised high street which, along with the surrounding town centre, offers a wide range of amenities including shops, restaurants and cafés and a popular local theatre.

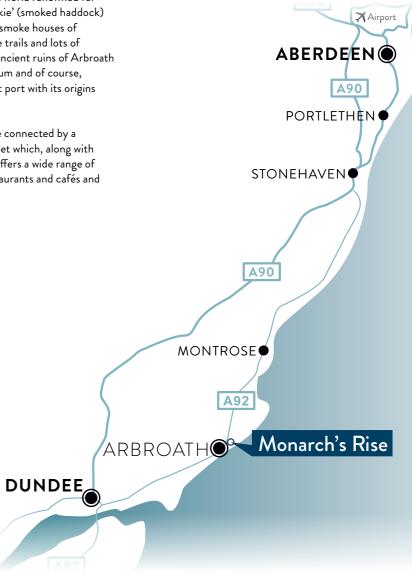

Just a few minutes walk or drive away, there's a great collection of shops, banks and chemists as well as several supermarkets to choose from.

Other facilities include a local library, post office, dry cleaners, pharmacy and a health centre which incorporates medical and dental services.

Monarch's Rise and the surrounding area is well provided for with several primary schools and nurseries in the area, as well as secondary education at Arbroath Academy.

Monarch's Rise: A new home for a new era.

Within Monarch's Rise we've created a new and exclusive selection of homes that have all been carefully designed to ensure each home meets your aspirations.

The homes at Monarch's Rise comprise a choice of 3 bedroom terraced, 3 and 4 bedroom semi-detached homes, and 3, 4 and 5 bedroom detached family homes.

These are all homes that have been re-imagined and re-designed to meet the needs of contemporary living. You'll find spacious interiors, stunning kitchens and attractive exteriors to suit buyers from young couples starting out to growing families and professionals.

Reflecting our new design ethos, every single aspect of your home has been revisited through the twin lenses of simple elegance and supreme functionality. All of the homes are light and airy with large windows and French doors to your private garden plus well-planned

living and social areas for entertaining and relaxing.

Many homes also include a utility room with garden access, ideal for muddy boots after a long country walk.

In the larger homes master bedrooms are en-suite and also feature separate showers in the family bathroom. And with the need for versatility in mind, now and in the future, many homes include options for a home office, study or playroom.

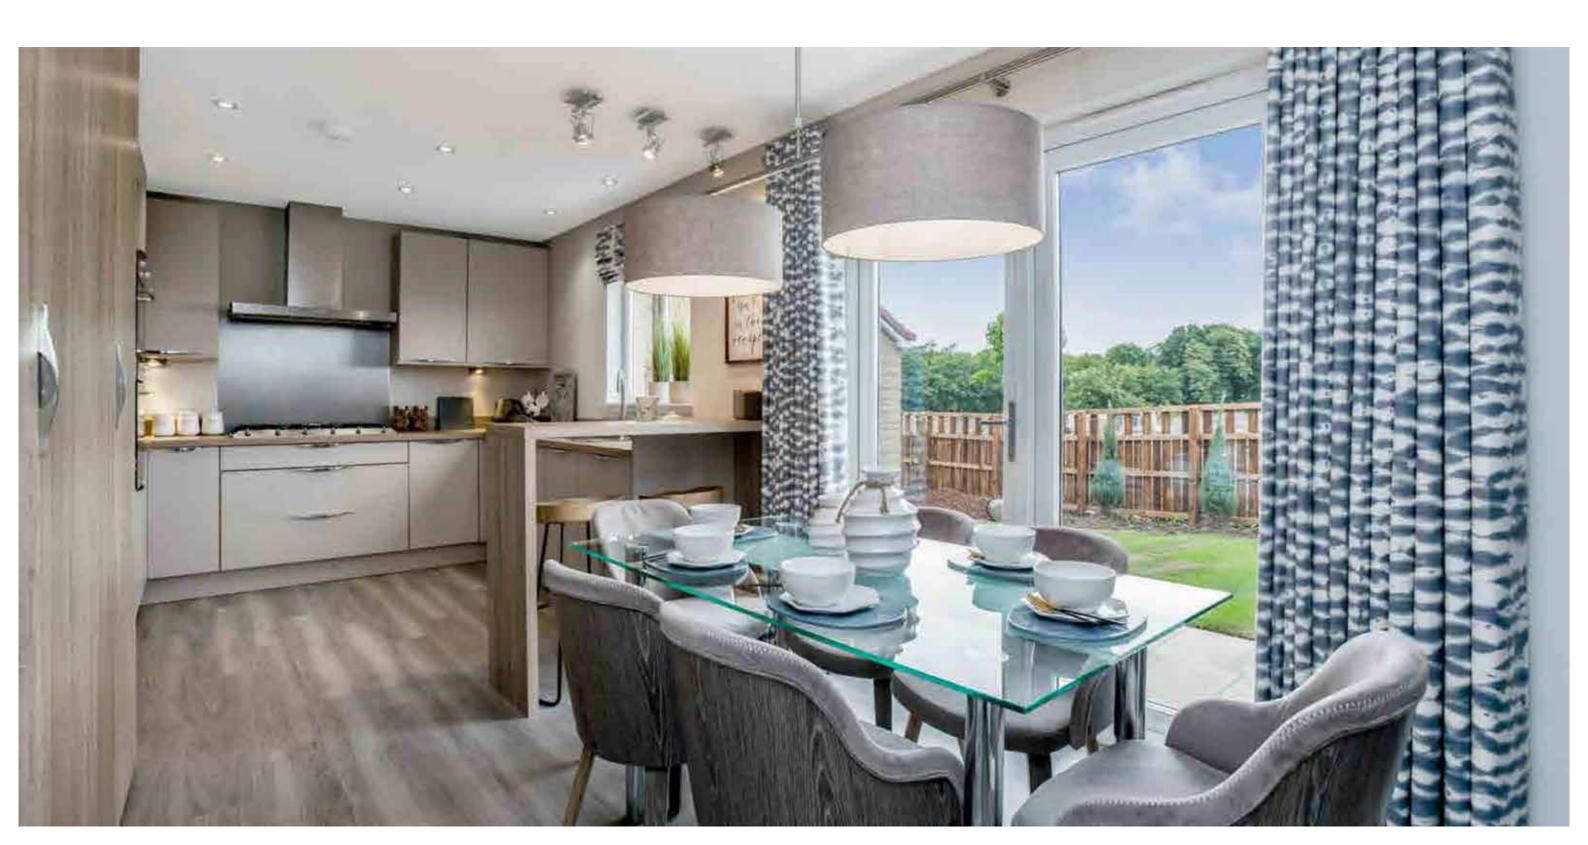

And finally, each home is carefully positioned to optimise the views and the light and comes complete with many bespoke exterior details to complement the rural character and picturesque setting of Monarch's Rise.

Inside your new home: A closer look...

As soon as you step inside a Milestone home, you'll feel the difference.

This is special. A home where clever design achieves the perfect balance between elegance and practicality; where our renowned attention to detail ensures a spectacular level of finish throughout.

Let's start in the kitchen...

The kitchen is the heart of any home and it's likely this is where you'll head first as you explore. For most families it's the busiest, hardest-working room in the house, so we've designed each of our kitchens to be particularly spacious and located it in the optimum position. Details will vary depending on house style, but the common factor is that we've thought about how you'll use the space, and designed it to work perfectly for you. Practical connections to a dining room or family room, a utility space, or access to the garden through French doors make the kitchen more welcoming than ever. To cater for different needs – our homes feature either a separate formal dining room or we combine the dining area into a large open kitchen/dining space that's great for family and friends alike.

Depending on the home you choose*, the final specification† will vary, but your expertly crafted kitchen will typically come with fully beautifully-designed stainless steel gas hob, multi-function oven, cooker hood and integrated fridge/freezer.

Of course, your home needs to be functional as well as comfortable so many homes have a handy laundry zone or separate utility room with access to the garden, complete with plumbing and wiring for a washing machine and dryer.

*Choice of kitchen is subject to build program. †Choice of fittings is subject to build program. Information is correct at time of going to print, but is subject to change. For more information speak to one of our sales consultants. The specification included in this brochure gives a general specification applicable to this development. Please check the specification relating to the individual plot that you have chosen, with our sales consultants at the time of reservation.

Next stop, the family living room...

For welcoming friends and entertaining or for relaxing at the end of a long day, this is a space to really enjoy. We've designed the living areas to make the very most of the sunlight, with large feature windows and, in selected homes, French doors that open out onto a patio to provide a lovely inside-outside living space.

Moving on to the upstairs now...

The Monarchs Rise range of homes has 3, 4 & 5 bedrooms ranging from generous principle suites to cosy single rooms. Every home comes with an excellent specification of finish including built-in or walk-in wardrobes to principle bedrooms and bathrooms and ensuites with luxury tiles and contemporary sanitaryware.

All bathrooms and en-suites are designed with indulgence and pampering in mind. This will include, wherever possible, large showers and chrome heated towel rails.

We provide a superb choice of co-ordinated Porcelanosa tiling and, in many homes, fitted vanity furniture for the principal en-suite.

Several homes also have an additional en-suite bath or shower room added to the guest bedroom – again all available with a choice of tiling.

Finally, lets look around outside...

Depending on the home you're visiting, there'll be more to explore outside – such as turfed and landscaped front gardens and smart mono bloc driveways.

Whatever the location and the specifications, you'll find the exterior space as attractive and as welcoming as the inside of the home – although naturally a new garden needs a little time to mature and look its best.

To ensure that the common landscaped areas are kept in pristine condition, a factor will be appointed. A small monthly maintenance fee is applicable.

With our new homes, there are countless designs and styles to choose from – something for everyone to love. But there are several major features and benefits that are common to all our homes – so we've summarised these here for you. Really, what more could you want?

Eight great reasons to make your new home a Milestone home.

1. The quality of the build

At Milestone, we pride ourselves on building innovative and high quality homes. Each home is built to exacting standards with quality and attention to detail at the core. We use a high level of specification in all materials, apply quality craftsmanship at all times, and adhere to high building standards so you can enjoy living in a safe and secure environment.

2. The 10-year NHBC warranty

Each home is quality checked at various stages of its build and inspected by the National House Building Council (NHBC). As a result, all our homes come with a 10-year NHBC warranty so that you can enjoy the kind of peace of mind that someone choosing to buy a second-hand property simply does not get.

3. The unique, distinctive community

Moving to a brand new home is an opportunity to be part of an exciting, new community. We have an unrivalled reputation for creating individual, communities that reflect local characteristics and surroundings. Stunning streetscapes and people-shaped places combine to create communities built with your needs in mind. Today, arguably more than ever, it's vitally important to us to offer you great places to live now and in the future.

4. The elegant, functional design

Our new homes are designed to meet the changing needs of families. We have carefully thought through how people use their homes today. The result is new homes that are more elegant, spacious and functional. Homes that provide more flexible space, indoors and out, including direct access to the rear garden from kitchens and utility rooms, and the option of a home office on the ground floor. Homes fully fitted and truly designed to cater for a contemporary, luxury lifestyle.

5. The energy efficiency savings

Compared to a second-hand home, a new home is on average six times more energy efficient. Due to the excellent insulation in our new homes, the savings you can make will amaze you. At the heart of the central heating system is a modern, highly efficient, environmentally responsible gas boiler, while thermostatic radiators provide independent control in every room. Many of our homes now feature energy-efficient PV solar panels fitted to the roof.

6. The fittings and features

Your new home comes complete with high quality fittings and finishing throughout. Internal walls and ceilings are painted white, and elegant white panelled doors are fitted with attractive chrome lever handles, chrome hinges and latches. While kitchens feature premium appliances and stylish units with soft closing drawers – little things that help make a house a great home. What's more, all our homes are wired with an abundance of well-placed socket outlets, and telephone, TV and USB points, while smoke and heat detectors are directly wired to the mains.

7. The option to personalise

When you reserve your new home early, you will have an opportunity to choose many of the fixtures and fittings that are to be included from kitchen doors and handles to vanity cabinets, worktops and tiling. We can help you to make your new home look and feel exactly how you want it to, with minimal fuss.

8. The benefits of buying new

Buying a new home also eliminates the need for renovations, repairs or DIY, meaning you can spend more time doing the things you love. Everything in a new home is clean and untouched by previous owners. Our new homes are decorated in 'neutral' colours giving you a blank canvas to stamp your own personality on from day one. And, of course, you can move into your new home as soon as it is complete, there is no need to wait around for the existing residents to vacate!
